

SPEAKERS' CONVENOR OFFICER'S REPORT 2023/24

Looking back over the last year, the OIR members have been treated to a varied selection of topics from our excellent guest speakers.

We all gained so much information about the beautiful area we live in. Hearing not only about the History of Eglinton, but Ayrshire Crannogs, The Garnock Valley and the success of Fairlie Organic Growers. The facts about Scottish Dinosaurs fascinated and amazed the audience. Our thanks went out to the Largs RNLI volunteers after Ronald Copeland's talk. Then the run up to Christmas was set in motion by the wonderful choir from St Mary's Primary School, followed ably by the OIR Guitar Group. And March would not be the same without a performance from the talented OIR Drama Group, the Sundown Players.

Thanks to all the OIR members who come along on these afternoons to enjoy the interesting presentations, refreshments and a chat with friends.
